INDIANA. Indiana is to be Carried the Ku-Klux Nominees. at of four hur dit Fongiar for other company on. All that is the Treasury The White Boys in Blue. This is the platform which the Ala ifty Thousand Dollars Rec tion Purposes. and this sixth thereby catablemed to furnish ambassadors, telegraphs, railways,
ser sing filing class the Chinesh may
want, are hardly worth an answer.
At Pokin, indeed, they may
take a different view of the relation established by Bogiand's long altempt to here open a Cainese market for
opium and rum, but in London the opintion is possible that "Ragiand is the
"proper power for China to employ as a
"medium for revising her treaties with
"other sations." It would be secondary to
British pride, no doubt, and profitable to
British pride, no doubt, and profitable to
British prides or be called in by China
in the matter of her foreign relations, but
China is under an obligation to consult
either the pride or the pockets of a nation
which has outraged and rebbod her. The
more housest and carnest sentiment of
Great Britan will recognize this, and Four Warrs, Ind., 6894. 4 1985.
The circular, as published is this moraling Transurum, from Joe McDonald and others and eart to Republicans in Indianapolis, for the catengible purpose of procaring a fail election is refreshingly cool, in view of Indianapolis, the that the Democratic Rus Rus Rus organisation, known as "White Boys in Bine," which have made (as they suppose) rail and collabor made (as they suppose) rail and collabor arrangements to take charge of the polls or election day at Indianapolis zome other cities and towns in various part of the State; and this circular is gotten to the burpose of affording an accuse to it Ku Klux to have a row of the tailest kin. The manuscenapt of preparing the way in generously aid is spoken of as a cand Section of the control of the contro scought to instroduce the accurated practice throughout the Union, and to reopen the African slave trade in order to strengthen and invigorate the peculiar institution. Br. Shorter forgets that this hind of a Union was coverthrown by the relate themselves. They freed at it in Charleston Harbor in April, 1961, and it fell. Mr. Shorter may 8 fall. He might as well entreat the men of the North 16 gives back the lives of the Containers to distinct who were slain while trying to destroy the "Union-formed by Washing-"ton and his comperer. The best thing for Shorter to 46 tilthe has mothing better as propose than a restoration of the "Union-formed by Washing-"ton and his comperer. The best thing for Shorter to 46 tilthe has mothing better as propose than a restoration of the "Union-at on the world offices north as well on harmague, and travel back 40 Ainbama with his carpet-bag by the shorter the Republicans to eley; another for the Democrate to the State of t large number of citizens at Levies of the center of the ce more or lesse with its mainral moss. But the more or less with its mainral moss. But the more or less with its mainral moss. But the more or less with its mainral moss of the less with the motion and they would clease I instantianeously. If a serious war was to come, everyone would forget his opinions, and think thut of two things, the country and the common enemy—that is, the foreigner.

This southment provides at the review of the list of august. There are many the common enemy—that is, the foreigner.

The southment provides at the review of the list of august had, however divided we may be, and however much we may be opposed to the Imparial Government, we rally to his tide against the common enemy. France mader arms, whether as many be opposed to the Imparial Government, we rally to his tide against the common enemy. France mader arms, whether as many be opposed to the Imparial Government, we rally on the last to forget the political opinions and even its dream of liberty. First of all comes the public safety. The review was a demonstration for the benefit of for eighters. If was an armsed corollary of the bonn. France was pleased to show its last the public safety. The review was a demonstration for the bonefit of for eighters. If was an armsed corollary of the bonn. France was pleased to show its last the bone was the pleased to show its last the bone was been imported by a thorn, which must have womeded it despit. The practurest of the Jura, which, mill now, has been imported by an overwhelming rote, has been famored; it may be compared by its government; as of he Jura, which, mill now, has been imported by an overwhelming rote, has leaded by the government; as of he Jura, which, mill now, has been imported been accessions.
